NEWSLETTER #9 | JULY 2020

Dear Colleagues and Stakeholders of TEBD,

In July, the improved situation of Covid-19 allowed us not only to plan again essential business trips and small-scale events, but also for our desire to enjoy well deserved and hopefully relaxing holidays in these still unusual times.

In this last newsletter for the summer, we update you on the most recent developments.

We are extremely happy to inform you that we have started to organize virtual TEBD SME Workshops.

We are pleased to present the Chamber Partnership Project on 'Improving European Dialogue for Business' that has been developed and implemented by Çerkezköy Chamber of Commerce and Industry (Turkey) in partnership with the Drama Chamber of Commerce and Industry (Greece).

We proudly carried out third Monitoring Visits to Bursa Chamber of Commerce and Industry (Turkey) and Ankara Chamber of Industry (Turkey) in the framework of the TEBD Chamber Partnership Projects.

We hope you will enjoy this latest edition of our newsletter! With that we wish you a good holiday season! Relax, stay safe, take care, and see you again in the autumn!

CHAMBER PARTNERSHIPS

In the framework of TEBD, the European Union is funding 19 partnerships involving Chambers in Turkey and those in the EU Member States.

Each partnership includes at least one Turkish Chamber and one EU Chamber. The selected partnerships launched their activities in April 2019, with a project duration of between 12 and 15 months.

The TEBD Team provides training, coaching and continuous support for the successful implementation of each partnership project. This includes on-site monitoring visits, mid-term reviews, online support, and so on. The third round of monitoring visits have started taking place as of July 2020.

Success Story

Establishing sustainable dialogue and enhancing capacity

‘Improving European Dialogue for Business’ is a project that has been developed and implemented by Çerkezköy Chamber of Commerce and Industry (Turkey) in partnership with the Drama Chamber of Commerce and Industry (Greece). It is one of 19 Chamber Partnership projects which is being supported by the European Union in the framework of **TEBD**.

The ‘Improving European Dialogue for Business’ project was launched on 16 July 2019 and aims to establish a sustainable dialogue between Çerkezköy Chamber of Commerce and

Industry (Çerkezköy CCI) and Drama Chamber of Commerce and Industry (Drama CCI), and enhancing the capacity of Turkish Chambers and their role in the EU accession of the project. Additionally, it also aims to strengthen the institutional capacity of Çerkezköy CCI.

Dialogue is so valuable that it can build stronger relationships while helping SMEs become more collaborative, innovative and successful. By carrying out activities such as match-making events, study visits, trainings, and so on, this project contributes to the development of mutual knowledge and understanding between Turkish Chambers and their counterparts in the EU.

During the 12 months of the project, the partners made a start with a Kick-off Event and Road-Map Workshop discussing the project activities and introducing the project to target groups. Within the framework of the project activities such as Matchmaking events, Joint Network Visits to Brussels (Belgium), an Analysis Survey, a Job Shadowing Programme, and a Training Programme have been carried out. Also, a Help Desk for SMEs has been established to address any questions from members. The comprehensive Training Programme was designed to improve the capacity of the members of Çerkezköy CCI and consists of four modules - Business Literacy, Functions of the Management, Financial Literacy, and Compliance with Financial Systems. These modules helped SMEs understand relevant approaches of business and financial literacy and the importance of organisational capacity, comprehend the best practices of managerial skills, explore a range of internalization tools, and understand the interaction between business and financial skills.

The implementation of the activities continue to have a significant impact on the institutional capacity of Çerkezköy CCI, and the cooperation between Drama CCI and Çerkezköy CCI. The project has especially unearthed the high willingness of the members of Çerkezköy CCI to be involved in EU related activities, utilize the knowledge they have gained from the project activities towards improving their businesses, and seize business opportunities with SMEs in the EU.
